ABOUT ME

Full-stack Developer specializing in Front-End Development. A committed freelancer with a focus on building, responsive web applications. Strong emphasis on client collaboration and satisfaction. Passionate about writing clean, efficient code and solving complex problems. Dedicated to staying updated with the latest technologies and industry trends. Driven to consistently deliver high-quality projects on time and within scope.

SKILLS

- React.js
- Next, Tailwin
- Express.js
- Mysql
- Java,C++

EXPERIENCE

Front End Developer
Dynamics Technology   (2024)

I interned as a front-end developer at Dynamic Technologies during the summer of 2024 G.CI enhanced my technical expertise in Next.js, while also improving my collaboration and teamwork skills.

Front End Developer
Federal Prison   (2024-current)

I am part of a team developing a registration system for an upcoming college program designed to educate incarcerated individuals.

Mentor
SheCodes AASTU   (2024)

Provided mentorship to junior software engineers at AASTU, guiding them in web development principles and best practices. Helped them enhance their skills and grow in the field.

EDUCATION

Software Engineering
Addis Ababa Science and Technology University

I started my bachelors' degree at AASTU in the year 2022 GC

React.js
GDSC AASTU

At Google Developers student Club I had a 6 month intensive course in react.js
